Subject: District Educational Officer Report to 2022 Summer Council

The District 5 Education group is actively engaging with the Squadrons in supporting their classes. We have conducted a zoom meeting to discuss updates to the ABC course and ways to share resources among SEOs.

ADEO Michael Maszczenski recently conducted a OpenCPN session to instruct SEOs and the Squadron instructors on details of using OpenCPN in the classroom, specifically supporting the new Navigation Course. The second session will be held in 3-4 August.

We are looking forward to receiving submissions from Squadrons for the Chapman Award. The form and guidelines can be found on the USPS website in the section of SEO tools.

The Fall Education Conference will be held 3-6 November at the Maritime Conference Center in Linthicum Heights, MD. If you have ideas or suggestions for sessions, please contact myself or ADEO Mike.

Respectfully Submitted,

D/Lt/C John O'Reilly
